# Slim

idea: Pietro Lorato

Engineering  
Polymer Shell is  
**100%**  
**recyclable**

**Caratterizzata da un design semplice, SLIM è una sedia che si adatta a diversi ambienti: dall'ufficio alla cucina, alla cameretta. Ciò che la differenzia dalle altre è l'innovativo materiale di cui è fatta: il polimero tecnico rende SLIM flessibile in modo intelligente e la sedia asseconda tutti i movimenti del corpo garantendo una posizione ergonomica. Inoltre il polimero tecnico è un materiale riciclabile al 100%. Disponibile anche in versione ignifuga bianca.**

Characterized by a simple design, SLIM fits well in different spaces: from the office, to the kitchen, to the bedroom. The innovative material of which it is made is the main peculiarity that diversifies SLIM from the others chairs: the engineering polymer makes SLIM flexible in an intelligent way, by supporting all body movements in order to guarantee an ergonomic position. Furthermore this engineering polymer is a 100% recyclable material. Also available in fireproof white version.

Caractérisée par un design simple, SLIM est une chaise qui s'adapte à plusieurs ambients : du bureau à l'accueil, de la salle de réunion à la salle à manger. Ce qui fait la différence entre cette chaise et les autres est le matériel innovant dont elle est composée: le polymère technique rend la SLIM flexible de façon intelligente ; en effet la coque suit les mouvements du corps en permettant une position ergonomique. Encore, le polymère technique est un matériel 100% recyclable. Disponible même en version non feu, blanche.

Mit seinem schlichten Design, eignet sich die SLIM Stuhlfamilie an verschiedene Einrichtungen wie Büros, Küchen und Schlafzimmer. Das innovative verwendete Material unterscheidet diese Stuhlfamilien von anderen Wettbewerber. Durch den technischen Polymer Kunststoff wird die Schale flexibel und gewährleistet eine ergonomische Haltung. Außerdem ist dieser innovativen Kunststoff 100% recycelbar. Die SLIM Schale ist in verschiedenen Farben erhältlich und kann vollgepolstert oder nur mit Sitzkissen versehen sein. In der feuerfeste Version in weiß erhältlich.

Caracterizada por un diseño simple, SLIM es una silla que se adapta a diferentes entornos: de la oficina a la cocina y el dormitorio. Lo que diferencia a esta silla de las otras es el material innovador del que está hecha: el polímero técnico hace que SLIM sea flexible de manera inteligente y la silla acompaña todos los movimientos del cuerpo y garantiza una posición ergonómica. Además, el polímero técnico es un material 100% reciclable. También disponible en versión ignífuga blanca.

**Slim /Sled**  
**SLO025**

A photograph of two white Slim chairs with sled bases in a modern interior setting. The chairs are positioned side-by-side on a reflective floor. The background features large windows with a blue tint, through which a cityscape is visible. The lighting is dramatic, with strong highlights and shadows. The text "SLIM COLLECTION" is at the top left, "SlimFixed Sled" is in the center, and "419" is at the bottom right. The model numbers "SLO025" and "XB030" are also present at the bottom right.
